

What is an Earthquake Kit?

- Earthquakes are common in California. Therefore, all parents are required to supply their child with a small emergency bag. This kit will be stored inside a metal storage shed in the church parking lot.
- We recommend that your child be a part in putting this kit together. They can help you shop for the things that should be packed in this kit. This way, in case of an emergency, your child will remember that daddy and mommy packed this just for me. This will be a source of comfort and encouragement to your child in case of an earthquake.
- The storage space is limited so please place only the items that can fit in a 1-gallon zip lock bag.
- These kits will be returned to you on the last day of school. Before you turn in your child's kit in the school office (HH104), please be sure to check the expiration dates to ensure the items are good for the duration of the school year (10+ months).

1-gallon zip lock bag with your child's first and last name.	
One (1) protein item your child likes	
One (1) fruit item	
One (1) snack item	
Two (1) small bottled water or cans of juice. No juice boxes due to leakage.	
Miscellaneous items: -plastic spoon & fork -emergency blanket -family photo and/or note of comfort - 2 Diapers and travel wipes (if not potty trained)	

***All canned food/beverage items must be pop top cans since we don't have access to a can opener. ***
